Durable outdoor-ready mounting

 **SETUP COMPLEXITY**
Clutter-free single-cable installation

Who It Is For

-  Monitoring large entryways or driveways
-  Wanting 180° coverage without multiple cameras
-  Seeking simplified power setup
-  Need weather-resistant outdoor security

Who It Is Not For

-  Users without Blink Subscription Plus
-  Spaces requiring 360° coverage
-  Those needing more than two cameras
-  Areas without power outlet access

Trade Offs to Consider

-  Requires separate subscription plan
-  Outdoor use needs additional adapter
-  Limited to two-camera system
-  No mobile app controls included

Users Say

● POSITIVES

- ✓ Provides wide coverage without visible cables
- ✓ Easy to install in tight spaces

● COMPLAINTS

- ⚠ Subscription cost adds to monthly expenses
- ⚠ Outdoor use requires extra purchase

How It Compares

- Better than single-camera systems for wide areas
- Less flexible than modular security setups
- More expensive than basic camera systems
- Requires subscription for full functionality

Choose This If...

- ✓ Need 180° coverage for entryways
- ✓ Want simplified power setup
- ✓ Have Blink Subscription Plus
- ✓ Prioritize weather-resistant mounting

Skip This If...

- × Don't have subscription plan
- × Require more than two cameras
- × Need 360° coverage
- × No power outlet access
