Cloud storage with 30-day trial

Who It Is For

- ✓ Homeowners needing indoor/outdoor coverage
- ✓ Users wanting easy smartphone setup
- ✓ Those using Alexa for voice control
- ✓ People prioritizing 24/7 motion alerts

Who It Is Not For

- ✗ Users requiring more than two cameras
- ✗ Those without reliable Wi-Fi
- ✗ People needing instant alert notifications
- ✗ Individuals prioritizing local storage only

Trade Offs to Consider

- Limited to two cameras (expandable)
- No free local storage option
- Subscription required for person detection
- Battery life shorter than premium models

Users Say

● POSITIVES

- ✓ Clear night vision for outdoor monitoring
- ✓ Simple setup without professional help

● COMPLAINTS

- ⚠ Subscription required for advanced features
- ⚠ Battery life shorter with frequent motion alerts

How It Compares

- Fewer cameras than some competitors
- No free local storage option
- Subscription needed for person detection
- Battery life shorter than premium models

Choose This If...

- ✓ Need 24/7 outdoor/indoor coverage
- ✓ Want easy smartphone setup
- ✓ Use Alexa for voice commands
- ✓ Prioritize motion alerts

Skip This If...

- × Require more than two cameras
- × Need free local storage
- × Don't use Alexa
- × Want longer battery life
