Live streaming needs Blink Subscription Plan

Who It Is For

-  Homeowners with both indoor and outdoor security needs
-  Users wanting instant alerts for unexpected activity
-  People needing to communicate with visitors remotely
-  Those prioritizing easy, wireless installation

Who It Is Not For

-  Users without a subscription for live streaming
-  Those requiring long-term battery life beyond two years
-  Individuals without a smartphone for setup
-  Customers needing advanced person detection without subscription

Trade Offs to Consider

-  Subscription cost for live video streaming
-  Limited person detection without subscription
-  Dependence on smartphone for configuration
-  No local storage option available

How It Compares

- Combines outdoor durability with indoor plug-in convenience
- Offers two-way audio compared to basic motion sensors
- Includes person detection as premium feature
- Requires subscription for full functionality

Choose This If...

- ✓ Need coverage for both indoor and outdoor areas
- ✓ Want instant alerts for movement activity
- ✓ Require two-way communication with visitors
- ✓ Prioritize simple, wireless installation

Skip This If...

- ✗ Don't want to pay for live streaming subscription
- ✗ Need longer battery life than two years
- ✗ Require advanced features without subscription
- ✗ Need local storage for recordings
