

Blink Outdoor Battery Extension Pack for Outdoor 4 and 2K+ Cameras

QUICK BUYER GUIDE

Outdoor security camera users needing long battery life and easy setup

At a Glance Specs

BATTERY LIFE

Provides up to four years of continuous power

COMPATIBILITY

Works with Outdoor 4 and Outdoor 2K+ cameras

SETUP TIME

Requires less than five minutes to install

INCLUDED BATTERIES

Four AA lithium metal batteries provided

CAMERA ENHANCEMENTS

Supports higher resolution and brighter night vision

MAINTENANCE

No frequent battery replacements needed

Who It Is For

-  Users with Outdoor 4 or 2K+ cameras
-  Those needing extended camera operation
-  People prioritizing easy installation
-  Users wanting enhanced camera features
-  Individuals avoiding frequent battery changes
-  Homeowners needing reliable security coverage

Who It Is Not For

-  Users without compatible camera models
-  Those requiring immediate battery replacement
-  People needing lower resolution video
-  Users prioritizing frequent maintenance
-  Individuals with limited installation time
-  Those seeking alternative power solutions

Trade Offs to Consider

-  Limited to specific camera models only
-  No immediate battery replacement option
-  Lower resolution may require frequent changes
-  Setup time may vary with installation complexity
-  Battery life depends on usage patterns
-  Not suitable for emergency power needs

How It Compares

- Better than standard battery packs with shorter life
- More convenient than separate battery purchases
- Easier to install than wired power solutions
- Less flexible than immediate battery replacements

Choose This If...

- ✓ Need long-term camera power solution
- ✓ Want easy installation process
- ✓ Require enhanced camera performance
- ✓ Avoid frequent battery replacements

Skip This If...

- ✗ Need immediate battery replacement
- ✗ Prioritize lower resolution video
- ✗ Require frequent maintenance access
- ✗ Use non-compatible camera models
