Blink Subscription Plan needed for full features

✓ Who It Is For

- ✓ Homeowners with existing doorbell wiring
- ✓ Users needing indoor chime alerts
- ✓ Those prioritizing HD video clarity
- ✓ Alexa device owners
- ✓ People wanting cloud event storage
- ✓ Users needing two-way communication
- ✓ Those seeking wireless installation

✗ Who It Is Not For

- ✗ No power outlet available for Mini 2
- ✗ Those without Blink Subscription Plan
- ✗ Users needing long-term local storage
- ✗ People requiring advanced night vision
- ✗ Temporary security needs
- ✗ Those avoiding subscription services
- ✗ Complex wired system setups

Trade Offs to Consider

- Limited night vision compared to premium models
- Requires subscription for advanced features
- Battery life shorter than some competitors
- No local storage option available
- Setup requires app configuration
- No physical chime without wiring
- Cloud storage limited to 30 days

Users Say

● POSITIVES

- ✓ Easy setup with app
- ✓ Clear HD video and audio
- ✓ Works well with Alexa

● COMPLAINTS

- ⚠ Subscription required for full features
- ⚠ Battery life could be longer
- ⚠ Limited night vision

How It Compares

- Better battery life than single-camera systems
- Includes both doorbell and indoor chime
- Requires subscription for advanced features
- Less robust night vision than premium models
- Easier setup than wired systems
- Includes Sync Module Core
- No local storage option

Choose This If...

- ✓ Need security with doorbell and chime alerts
- ✓ Want HD video and two-way audio
- ✓ Use Alexa for voice control
- ✓ Require cloud storage for events

Skip This If...

- ✗ Avoid subscription-based features
- ✗ Need long-term local storage
- ✗ Require advanced night vision
- ✗ Prefer no-wire installation
