## Who It Is For

---

-  Smart home users controlling devices
-  Families needing video calls
-  Users wanting a display for media
-  Privacy-conscious individuals

## Who It Is Not For

---

-  Those without compatible smart devices
-  Users avoiding video cameras
-  People needing no display functionality

## Trade Offs to Consider

---

- Smaller display than larger Echo Shows
- Limited app support in certain regions
- No built-in speakers for audio-only use

## How It Compares

---

- Smaller than Echo Show 10
- No built-in speakers
- EU power adapter included

## Choose This If...

---

- ✓ Need smart home integration
- ✓ Require video calling
- ✓ Want a display for content

## Skip This If...

---

- × Don't need a camera
- × Prefer no display
- × No EU power adapter needed
