## Who It Is For

---

-  Looking for a budget-friendly 8" tablet
-  Need streaming and browsing capabilities
-  Want reliable performance for daily tasks
-  Seeking a durable, lightweight device

## Who It Is Not For

---

-  Require Google Play app support
-  Need more than 64 GB storage
-  Seek a newer Fire HD 10 model
-  Want 5G connectivity

## Trade Offs to Consider

---

- Less powerful than newer models
- Limited app ecosystem compared to Android
- No 5G connectivity
- Smaller screen than 10" tablets

## Users Say

---

### ● POSITIVES

- ✓ Great value for the price
- ✓ Smooth performance for streaming
- ✓ Durable build with good warranty

### ● COMPLAINTS

- ⚠ Limited app selection compared to Android
- ⚠ No Google Play access
- ⚠ Battery life diminishes over time

## How It Compares

---

- Less powerful than Fire HD 10
- Smaller screen than 10" tablets
- Limited app ecosystem
- No 5G connectivity

## Choose This If...

---

- ✓ Want a budget-friendly 8" tablet
- ✓ Need streaming and browsing capabilities
- ✓ Seek reliable performance for daily use

## ✗ Skip This If...

---

- ✗ Require Google Play app support
- ✗ Need more than 64 GB storage
- ✗ Want 5G connectivity
