

MAGNEMA 2.1ch 80W Sound Bar for TV with Built-in Subwoofer and Dolby Audio

QUICK BUYER GUIDE

Home theater enthusiasts seeking immersive audio without a subwoofer

At a Glance Specs

 **MAXIMUM POWER OUTPUT**
80 watts for louder, clearer sound

 **AUDIO TECHNOLOGY**
Dolby Audio for virtual surround sound

 **CONNECTIVITY OPTIONS**
HDMI, optical, and Bluetooth 5.3 support

 **PHYSICAL DIMENSIONS**
24-inch length with 3-inch subwoofer

 **SUBWOOFER DESIGN**
Built-in 3.5-inch bottom-firing bass

 **ADDITIONAL PORTS**
USB slot for direct music playback

Who It Is For

-  TV owners needing enhanced audio clarity
-  Users with limited space for external subwoofers
-  Those preferring wireless Bluetooth streaming
-  People wanting simple HDMI setup for surround sound

Who It Is Not For

-  Users requiring wall-mount compatibility
-  Those without HDMI or optical ports on their TV
-  People needing app-based sound mode controls

Trade Offs to Consider

-  No wall-mount support compared to premium models
-  Limited to 3 preset sound modes instead of custom profiles
-  USB playback lacks format compatibility with some files

How It Compares

-  Built-in subwoofer vs external subwoofer setups
-  Dolby Audio vs standard stereo output
-  Wireless Bluetooth vs wired connections

Choose This If...

- ✓ Want immersive TV audio without extra equipment
- ✓ Need easy HDMI or Bluetooth setup
- ✓ Value compact design for small spaces

✗ Skip This If...

- ✗ Require wall-mount installation
- ✗ Need advanced sound mode customization
- ✗ Prioritize app-based controls
