Who It Is For

- ✓ Owns 32–65 inch LCD/LED/OLED TV
- ✓ Needs height adjustment for comfortable viewing
- ✓ Requires swivel functionality for flexible viewing angles
- ✓ Looks for stable, heavy-duty mounting solution

Who It Is Not For

- ✗ Owns TV larger than 65 inches
- ✗ TV lacks VESA 400x400mm mounting pattern
- ✗ Requires permanent wall mounting
- ✗ Needs cable management features

Trade Offs to Consider

- Less adjustable than wall mounts
- Heavier than some portable options
- Requires assembly time
- Limited tilt range compared to full-motion mounts

How It Compares

- Offers swivel and tilt adjustments
- Stable base for heavier TVs
- Includes cable management clips
- No permanent installation required

Choose This If...

- ✓ Need height and swivel adjustments
- ✓ Own 32–65 inch TV
- ✓ Want stable, heavy-duty mounting

Skip This If...

- ✗ Have TV larger than 65 inches
- ✗ Need wall-mounted solution
- ✗ Require advanced tilt or rotation
