### SPECIAL TOOLS

**Weight/Height/Width Customization**

## Who It Is For

-  Truck drivers with unique load dimensions
-  Those needing real-time traffic and weather updates
-  Operators requiring weigh station alerts
-  Users prioritizing 3D route visualization
-  Drivers using multiple trailer types

## Who It Is Not For

-  Drivers without custom route planning needs
-  Those preferring simpler navigation systems
-  Users requiring extended battery life
-  People needing larger screen sizes
-  Individuals without truck-specific tools

## Trade Offs to Consider

---

- Battery life limited to 5 hours
- Smaller 7-inch screen compared to some models
- No built-in cellular connectivity
- Requires external power for extended use
- Limited POI customization options

## How It Compares

---

- Industry-leading custom trucking route planning
- Includes 2025 maps with 3D landmarks
- Better weight/height customization than competitors
- More detailed weather overlays than standard units
- Fewer third-party app integrations

## Choose This If...

---

- ✓ Need precise truck route customization
- ✓ Require real-time traffic/weather data
- ✓ Use multiple trailer configurations
- ✓ Prioritize 3D map visualization

## Skip This If...

---

- ✗ Want longer battery life
- ✗ Need larger screen size
- ✗ Require cellular connectivity
- ✗ Prefer simpler navigation features
