 **CONNECTIVITY**
Requires smartphone app for control

Who It Is For

-  Homeowners needing video door access
-  Users wanting instant security alerts
-  Those prioritizing wireless installation
-  People requiring all-in-one security bundle

Who It Is Not For

-  Users without smartphone access
-  Those needing wired security systems
-  Individuals preferring no motion alerts
-  Customers wanting standalone components

Trade Offs to Consider

-  Limited battery life without wall mount
-  Dependent on phone for full functionality
-  No wired installation options available
-  Smart alerts require separate subscription

Users Say

● POSITIVES

- ✓ Easy setup with no drilling required
- ✓ Clear live video for visitors

● COMPLAINTS

- ⚠ Battery life diminishes over time
- ⚠ Additional costs for advanced features

How It Compares

- Bundle vs. buying components separately
- Includes camera and alarm system
- No extra costs for core features
- All-in-one setup simplifies installation

Choose This If...

- ✓ Want video door access and alerts
- ✓ Need wireless installation option
- ✓ Prioritize bundled security solution
- ✓ Require smartphone integration

Skip This If...

- × Prefer wired security systems
- × Don't need motion detection alerts
- × Want standalone components
- × Lack smartphone access
