

Ring Floodlight Cam Plus and Spotlight Cam Plus Bundle

QUICK BUYER GUIDE

Homeowners seeking real-time alerts, customizable zones, and Alexa integration for outdoor security

At a Glance Specs

MOTION-ACTIVATED ALERTS

Real-time notifications for movement detection

LIGHTING POWER

2000 lumen floodlights for bright outdoor coverage

SIREN ALERT

85dB siren activates via smartphone app

INSTALLATION TYPE

Hardwired for continuous power and Wi-Fi connectivity

ALEXA COMPATIBILITY

Voice control and notifications with Echo devices

SUBSCRIPTION REQUIRED

Ring Protect subscription needed for full features

Who It Is For

-  Homeowners with large outdoor areas to monitor
-  Users needing 24/7 security alerts and lighting
-  Alexa-enabled home automation setup
-  Those requiring customizable motion detection zones

Who It Is Not For

-  Users without Alexa-enabled devices
-  Those preferring solar-powered cameras
-  Individuals without a Ring Protect subscription
-  People needing a single-camera solution

Trade Offs to Consider

-  Requires ongoing subscription for advanced features
-  Hardwired installation needs professional setup
-  Limited to 2000 lumen lighting output
-  Siren function only accessible via app

How It Compares

- Bundled cameras offer more coverage than single units
- Siren feature absent in standalone Spotlight Cam
- Alexa integration unavailable with other brands
- Subscription dependency differs from standalone models

Choose This If...

- ✓ Need bundled cameras for expanded coverage
- ✓ Want siren alerts for deterrence
- ✓ Use Alexa-enabled devices for voice control

Skip This If...

- ✗ Prefer solar-powered outdoor cameras
- ✗ Require subscription-free operation
- ✗ Need a single-camera setup
