

Ring Floodlight Cam Plus & Spotlight Cam Plus Bundle – Plug-In White

QUICK BUYER GUIDE

Homeowners seeking outdoor security with real-time alerts and floodlight coverage

At a Glance Specs

REAL-TIME ALERTS

Motion-activated notifications for unexpected activity

CUSTOMIZABLE ZONES

Adjust motion detection areas via the Ring app

BRIGHT FLOODLIGHTS

2000 lumen motion-activated lights for clear visibility

SIREN ACTIVATION

85dB siren triggered via the Ring app

HARDWIRED SETUP

Permanent installation for continuous power

ALEXA INTEGRATION

Voice control with compatible Echo devices

Who It Is For

- ✓ Homeowners with large outdoor areas to monitor
- ✓ Users needing 24/7 security coverage
- ✓ Those wanting Alexa-enabled home monitoring
- ✓ People requiring instant alerts for unexpected activity

Who It Is Not For

- ✗ Homeowners without access to hardwiring
- ✗ Users prioritizing solar-powered devices
- ✗ Those without a Ring Protect subscription
- ✗ Individuals needing standalone camera operation

Trade Offs to Consider

- Limited to Ring ecosystem compatibility
- Requires subscription for full features
- No mobile power option available
- Installation complexity for non-tech users

Users Say

● POSITIVES

- ✓ Effective for deterring intruders with floodlights
- ✓ Easy to manage via the Ring app
- ✓ Clear alerts for unexpected activity

● COMPLAINTS

- ⚠ Depends on subscription for advanced features
- ⚠ Installation requires professional help
- ⚠ No solar power option included

How It Compares

- Better than standalone cameras for comprehensive coverage
- Less flexible than solar-powered alternatives
- More integrated with Ring Protect subscription
- Requires permanent installation vs. portable options

Choose This If...

- ✓ You need real-time alerts for outdoor activity
- ✓ Want bright floodlights for clear visibility
- ✓ Have access to hardwiring for permanent setup
- ✓ Use Alexa-enabled devices for voice control

Skip This If...

- ✗ You require solar-powered operation
- ✗ No Ring Protect subscription available
- ✗ Need standalone camera functionality
- ✗ Prefer minimal installation effort
