## Who It Is For

---

Homeowners monitoring entryways

Businesses tracking indoor activity

Privacy-conscious users

Alexa ecosystem adopters

## Who It Is Not For

---

Users requiring 4K resolution

Those without Alexa devices

Outdoor security needs

Subscription-free operation

## Trade Offs to Consider

---

- Privacy cover requires manual activation
- Advanced features need Ring Protect subscription
- Limited to indoor use only
- No 24/7 cloud storage included

## How It Compares

---

- Less detailed than 4K cameras
- No 24/7 cloud storage
- Limited to indoor environments
- Requires subscription for full features

## Choose This If...

---

- ✓ Need motion-triggered alerts
- ✓ Value privacy controls
- ✓ Use Alexa for voice commands
- ✓ Want flexible indoor mounting

## Skip This If...

---

- × Require 4K resolution
- × Don't use Alexa devices
- × Need outdoor durability
- × Want subscription-free operation
