## ✓ Who It Is For

---

- ✓ Homeowners needing 24/7 indoor monitoring
- ✓ Users wanting motion-based alerts
- ✓ Alexa device owners for audio notifications
- ✓ Those prioritizing easy setup
- ✓ Privacy-conscious users
- ✓ Families needing cloud storage
- ✓ Tech-savvy users with smart home setups

## ✗ Who It Is Not For

---

- ✗ Outdoor security needs
- ✗ Users requiring 4K resolution
- ✗ Battery-powered camera users
- ✗ Those without Alexa devices
- ✗ 4K video subscribers
- ✗ Long-term storage needs
- ✗ Hardwired installation preferences

## Trade Offs to Consider

---

- Requires subscription for advanced features
- Limited privacy features compared to competitors
- No battery backup included
- Fixed mounting options
- Dependent on internet connectivity
- No 4K resolution support
- No local storage options

## Users Say

---

### ● POSITIVES

- ✓ Reliable motion alerts with customization
- ✓ Easy to install and move between locations
- ✓ Good integration with Alexa devices
- ✓ Clear night vision in low light
- ✓ Simple privacy cover for temporary shutdown

---

### ● COMPLAINTS

- ⚠ Subscription costs add up over time
- ⚠ Privacy cover doesn't block all camera angles
- ⚠ No battery backup for power outages
- ⚠ Limited mounting flexibility for some setups
- ⚠ Requires constant internet connection

## How It Compares

---

- Better than basic cameras with subscription features
- Lacks outdoor durability compared to competitors
- No battery option for portable use
- Fewer privacy controls than premium models
- More affordable than 4K alternatives
- Less flexible mounting options than some rivals
- Depends on cloud storage for full functionality

## Choose This If...

---

- ✓ You need 24/7 indoor monitoring
- ✓ Want motion-based alerts with customization
- ✓ Use Alexa for audio notifications
- ✓ Prioritize easy setup and portability
- ✓ Value privacy controls with manual shutdown
- ✓ Need cloud storage for event history
- ✓ Have a Ring Protect subscription

## Skip This If...

---

- ✗ You need outdoor security coverage
- ✗ Require 4K video resolution
- ✗ Want battery-powered operation
- ✗ Don't use Alexa devices
- ✗ Need long-term local storage
- ✗ Require hardwired installation
- ✗ Need advanced privacy features
