## Who It Is For

---

-  Homeowners needing 24/7 outdoor surveillance
-  Businesses with outdoor security needs
-  Users wanting motion-activated alerts
-  Parents monitoring delivery areas
-  Renters without permanent installation
-  Those prioritizing color night vision

## Who It Is Not For

---

-  Users with existing wired security systems
-  Those without reliable internet access
-  People needing 24/7 power backup
-  Users requiring 4K video quality
-  Those unwilling to pay for subscriptions
-  Individuals needing 360-degree coverage

## Trade Offs to Consider

---

-  Battery-powered but limited recording storage
-  Requires subscription for full features
-  Limited to 1080p resolution
-  No built-in power backup
-  Dependent on internet connectivity
-  No 360-degree field of view

## Users Say

---

### ● POSITIVES

- ✓ Clear HD video even in low light
  - ✓ Easy setup with Ring app integration
  - ✓ Effective motion alerts for deliveries
  - ✓ Good value for basic security needs
- 

### ● COMPLAINTS

- ⚠ Subscription costs add up over time
- ⚠ Battery life needs frequent charging
- ⚠ Limited customization options
- ⚠ No local storage without subscription

## How It Compares

---

- Battery-powered vs. wired cameras
- Includes siren vs. separate devices
- 1080p vs. 4K resolution options
- Subscription-based storage vs. local storage
- Outdoor-rated vs. indoor-only models
- Single camera vs. multi-camera systems

## Choose This If...

---

- ✓ You need motion-activated alerts
- ✓ You prioritize color night vision
- ✓ You want easy app-based controls
- ✓ You need basic 1080p security
- ✓ You prefer battery-powered flexibility
- ✓ You use Alexa for voice commands

## ✗ Skip This If...

---

- ✗ You require 24/7 power backup
- ✗ You need 4K video quality
- ✗ You want local storage options
- ✗ You have existing security systems
- ✗ You need 360-degree coverage
- ✗ You prefer no subscription fees
