

Ring Wired Doorbell Pro with Stick Up Cam Pro White

QUICK BUYER GUIDE

Homeowners want to monitor visitors and package deliveries with a secure, smart doorbell camera system

At a Glance Specs

VIDEO QUALITY

1536p Head-to-Toe HD+ video

MOTION DETECTION

3D motion tracking with distance awareness

VOICE INTEGRATION

Built-in Alexa greetings for voice interaction

SUBSCRIPTION NEEDS

Requires Ring Home subscription for full features

INSTALLATION TYPE

Hardwired to existing doorbell wiring

VIDEO STORAGE

180-day cloud storage for recorded events

Who It Is For

- ✓ Homeowners tracking package deliveries
- ✓ Users needing motion alerts for front yard activity
- ✓ Smart home integrators with Alexa devices
- ✓ Those requiring 24/7 video monitoring
- ✓ People using existing doorbell wiring
- ✓ Users wanting cloud video storage

Who It Is Not For

- ✗ Users without Ring Home subscription
- ✗ Those preferring wireless installation
- ✗ People without Alexa compatibility
- ✗ Users needing 180-day storage
- ✗ Individuals without existing doorbell wiring
- ✗ Those avoiding subscription costs

Trade Offs to Consider

- Requires ongoing subscription fees
- Hardwiring needs electrical expertise
- Limited to 180-day video retention
- Installation takes longer than wireless
- Subscription unlocks full feature set
- Zoning limits detection area coverage

How It Compares

- Better than standalone cameras for doorbell integration
- More expensive than wireless alternatives
- Superior to basic doorbells with motion detection
- Requires subscription vs. free basic features
- Outperforms competitors in video resolution
- Less flexible than wireless installation options

Choose This If...

- ✓ Need 24/7 video monitoring
- ✓ Want package delivery alerts
- ✓ Use Alexa for voice interaction
- ✓ Require cloud video storage

Skip This If...

- × No Ring Home subscription available
- × Prefer wireless installation
- × Lack Alexa compatibility
- × Need more than 180-day storage
