## Who It Is For

---

-  Own Alexa Fire TV Cube
-  Use Echo Dot (3rd/4th/5th Gen)
-  Need Echo Show 5 or Spot
-  Require DC Barrel Connector
-  Looking for 15W Power Supply
-  Need 5 ft Charger Cord
-  Seek UL Certified Adapter

## Who It Is Not For

---

-  Use non-Amazon Alexa devices
-  Need USB Ports
-  Require AC Adapter
-  Need Shorter Cord
-  Want Different Connector Type
-  Need Lower Wattage

## Trade Offs to Consider

---

-  Lacks USB Port
-  No Wireless Connectivity
-  Limited to 15W Output
-  No Built-in Surge Protection
-  Not Compatible with Other Devices
-  No Additional Features

## How It Compares

---

- Less versatile than multi-device adapters
- No built-in surge protection
- Limited to 15W output
- No wireless connectivity
- Fewer ports than other adapters
- Shorter cord than some models

## Choose This If...

---

- ✓ Need power for Alexa Fire TV Cube
- ✓ Require 15W output
- ✓ Use DC Barrel Connector
- ✓ Need 5 ft cord length
- ✓ Seek UL Certified Adapter

## Skip This If...

---

- ✗ Need USB ports
- ✗ Want wireless connectivity
- ✗ Need higher wattage
- ✗ Require different connector
- ✗ Need longer cord
- ✗ Want additional features
