Records 50+ hours of live TV

TUNER COUNT

4 tuners for simultaneous recording

SETUP TIME

Minutes to connect via Wi-Fi or Ethernet

STORAGE EXPANSION

Supports up to 8TB external USB drive

DEVICE COMPATIBILITY

Works with Roku, Fire TV, smart TVs

CONNECTIVITY

Requires stable home Wi-Fi network

CHANNEL ACCESS

Accesses local broadcast and free streaming channels

Who It Is For

-  Users with multiple smart TVs and streaming devices
-  Those wanting to record live TV without subscriptions
-  Homeowners needing local broadcast channels
-  People wanting to watch TV on mobile devices

Who It Is Not For

-  Users without stable Wi-Fi connection
-  Those needing HDMI output for TVs
-  Individuals preferring premium streaming subscriptions
-  People with non-smart TV models

Trade Offs to Consider

- Fewer channels than premium subscriptions
- Limited to local broadcast stations
- No HDMI cable included
- Recording some free channels may be restricted

How It Compares

- Records multiple shows simultaneously
- No monthly fees for basic use
- Requires compatible smart devices
- Fewer channels than paid streaming services

Choose This If...

- ✓ Need 50+ hours of storage for recordings
- ✓ Want to watch TV on multiple devices
- ✓ Prefer no monthly subscription fees
- ✓ Have compatible smart TV and streaming devices

✗ Skip This If...

- ✗ Require HDMI output for TVs
- ✗ Need more than 100+ TV channels
- ✗ Lack stable home Wi-Fi network
- ✗ Prefer paid streaming subscription services
