Who It Is For

-  Looking for a compact TV for small rooms
-  Want Dolby audio without smart features
-  Need basic connectivity for media devices
-  Seeking non-smart TV for simple use cases
-  Require wall-mountable or tabletop placement

Who It Is Not For

-  Need a smart TV with streaming apps
-  Require 4K Ultra HD resolution
-  Want advanced HDMI ARC/CEC features
-  Looking for HDR or HLG support
-  Need energy-efficient LED technology

Trade Offs to Consider

-  Lacks smart TV apps and streaming services
-  No 4K resolution or HDR support
-  Limited connectivity options compared to modern TVs
-  Higher power consumption than energy-efficient models
-  No built-in Wi-Fi or Bluetooth capabilities

How It Compares

- Less powerful than smart TVs with streaming apps
- No 4K resolution or HDR support
- Limited connectivity options compared to modern TVs
- Higher power consumption than energy-efficient models
- No built-in Wi-Fi or Bluetooth capabilities

Choose This If...

- ✓ Need a compact, affordable TV with basic features
- ✓ Require Dolby audio without smart capabilities
- ✓ Looking for simple connectivity for media devices
- ✓ Want wall-mountable or tabletop placement

Skip This If...

- ✗ Require smart TV apps or streaming services
- ✗ Need 4K Ultra HD resolution or HDR support
- ✗ Want advanced HDMI ARC/CEC features
- ✗ Looking for energy-efficient LED technology
