

TV xStream Ethernet Adapter for Fire Stick (2nd/3rd/4K Gen) - Micro USB to RJ45, 100Mbps

QUICK BUYER GUIDE

Ideal for Fire Stick users with buffering or lagging streaming issues

At a Glance Specs

 **CONNECTION TYPE**
Micro USB to RJ45 wired interface

 **SPEED**
100 Mbps data transfer rate

 **COMPATIBILITY**
Fire Stick Type B Micro USB ports only

 **DESIGN**
Black color with compact 6x1 inch size

 **INSTALLATION**
Plug-and-play with no driver needed

 **WEIGHT**
Lightweight at 1.41 ounces

Who It Is For

-  Fire Stick users with buffering issues
-  Users with poor Wi-Fi signal strength
-  Owners of older 802.11b routers
-  Those needing stable streaming connections
-  People with congested wireless networks
-  Users experiencing lag during playback

Who It Is Not For

-  Users with Type-C power ports
-  Owners of newer Fire Stick models
-  Those requiring USB-C compatibility
-  People needing faster than 100 Mbps speeds
-  Users without Micro USB ports
-  Individuals seeking additional ports

Trade Offs to Consider

-  Limited to 100 Mbps maximum speed
-  Only supports Micro USB Type B
-  No future-proofing for higher speeds
-  Single port connection only
-  May not work with newer devices
-  No advanced networking features

Users Say

● POSITIVES

- ✓ Plug-and-play with no driver installation
- ✓ Reduces streaming buffering effectively
- ✓ Compact and lightweight design

● COMPLAINTS

- ⚠ Does not work with newer Type-C ports
- ⚠ Limited to 100 Mbps speed
- ⚠ May not support future internet speeds

How It Compares

- Better than Wi-Fi for stable streaming
- Less flexible than USB-C alternatives
- More reliable than wireless connections
- Simpler setup than complex routers
- Lower speed than modern Ethernet adapters
- No additional features like USB hubs

Choose This If...

- ✓ Need a stable wired connection for streaming
- ✓ Experiencing Wi-Fi buffering or lag
- ✓ Using an older Fire Stick with Type B port

Skip This If...

- ✗ Have a newer Fire Stick with Type-C port
- ✗ Require faster than 100 Mbps speeds
- ✗ Need additional ports or features
