 **SCREEN CUSTOMIZATION**
Adjustable warm light for screen shade customization

 **WATERPROOF RATING**
IPX8 waterproof rating for bath and pool use

 **STORAGE CAPACITY**
32GB storage for thousands of books

 **CONNECTIVITY**
4G LTE + Wi-Fi connectivity for instant access

 **BATTERY LIFE**
E-ink technology for fast page turns and low power use

Who It Is For

-  Readers needing adjustable warm light for night reading
-  Users wanting waterproof durability for poolside use
-  E-book enthusiasts seeking fast page turns with e-ink tech
-  Travelers needing 4G LTE + Wi-Fi access for instant book downloads

Who It Is Not For

-  Color display users
-  High-speed internet-dependent readers
-  Users preferring a smaller 6" e-reader

Trade Offs to Consider

-  Lesser screen size than 7" models
-  Higher cost than basic e-readers
-  Limited color options compared to other e-readers

How It Compares

- Smaller than 8" e-readers
- More expensive than basic models
- Limited color options

Choose This If...

- ✓ Need adjustable warm light for night reading
- ✓ Require waterproof durability for poolside use
- ✓ Seek e-ink readability with fast page turns

Skip This If...

- ✗ Preferring color displays over grayscale
- ✗ Wanting a larger 8" e-reader screen
- ✗ Looking for lower-cost basic models
