

Wiz Connected PLC 14.5W (100W)A21 WIFI COLOR 1PK Smart Bulb

QUICK BUYER GUIDE

Ideal for homeowners seeking smart color-changing lighting with voice and app control

At a Glance Specs

COLOR CHANGING

16 million color options with scene saving

VOICE CONTROL

Works with Alexa Google Home and Siri

ENERGY EFFICIENCY

14.5W consumes less than 100W incandescent

LIFESPAN

25,000-hour LED lifespan

WI-FI CONNECTIVITY

Connects to 2.4GHz Wi-Fi without hubs

MOTION ACTIVATION

Auto turns on/off with two bulbs in room

MATTER COMPATIBILITY

Works with unified smart home ecosystem

BRIGHTNESS

1600 lumens for bright ambient lighting

Who It Is For

-  Homeowners wanting smart lighting control
-  Those needing color customization for rooms
-  Users with voice assistants at home
-  People looking for energy-efficient bulbs
-  Smart home setup enthusiasts
-  Individuals needing motion-activated lights

Who It Is Not For

-  Those without Wi-Fi access at home
-  Users requiring dimming without app
-  People avoiding smart home ecosystems
-  Those preferring traditional bulbs
-  Individuals needing outdoor use
-  Users without voice assistants

Trade Offs to Consider

-  Limited to indoor use only
-  Requires Wi-Fi setup for full features
-  Depends on app for scheduling
-  No physical switch control
-  Higher upfront cost than standard bulbs
-  Learning curve for app features

How It Compares

- Offers color customization vs. single-color bulbs
- Matter compatibility vs. Zigbee/Bluetooth
- Smart home integration vs. standalone bulbs
- Energy efficiency vs. traditional incandescents
- Voice control vs. manual switches
- App-based scheduling vs. fixed timers

Choose This If...

- ✓ Desire smart color control
- ✓ Need energy-efficient lighting
- ✓ Want voice/app integration
- ✓ Seek Matter compatibility
- ✓ Looking for motion-activated lights
- ✓ Value long lifespan

Skip This If...

- ✗ Require outdoor use
- ✗ Need dimming without app
- ✗ Avoid smart home ecosystems
- ✗ Prefer traditional bulbs
- ✗ No Wi-Fi access
- ✗ Want physical switch control
